Sample Project Reports

Name of Project: Clothing & Textiles/Adventures in Clothing

In this space write about the project **highlighting the skills you learned**, items you made, exhibits, and other important information.

I completed my first sewing project this year. It was fun and frustrating but I learned so much. First I learned about sewing equipment and how to use a sewing machine. It was funny to sew on paper to learn how to sew. Then I made an apron. I had to rip out stitches but my leader told me it would be better and it was; I got a blue at Fashion Review. I was very nervous modeling. I got a blue at County Fair and a red at State Fair.

Name of Project: Food & Nutrition/Tasty Tidbits

In this space write about the project **highlighting the skills you learned**, items you made, exhibits, and other important information.

I learned how to make my own hot cocoa mix and that it was fun and easy and _____ didn't cost as much as buying it at the grocery store. I also made carrot cake to eat with my homemade hot cocoa. It was yummy and the best part was that I made it all by myself! I entered my project book in the County Fair and won a blue ribbon.-----

Name of Project: Photography/Focus on Photography

In this space write about the project **highlighting the skills you learned**, items you made, exhibits, and other important information.

For this project, I used my new digital camera. In my first year of photography, I learned the parts of the camera, how to take a picture, and how to hold it. I learned how important light is when I take a picture. My favorite activity was taking pictures of the tree in my backyard at all different times of the day.
